Dandelion Drive
Myrtle Beach, SC 29577

Ref: Recycling Services

Dear Resident:

Waste Industries is pleased to help your community with garbage and recycling services. We purchased All Cycle and began servicing your property at the first of the year. We currently empty your garbage weekly and help some residents with recycling service. We look forward to helping all with your future needs.

We are pleased to announce that we have a new recycling program that will replace your current system effective 5-1-13. Our service will include a 65-gallon container with every other week pick up for \$4.00 per month. All materials will be placed into the container without separation. (The charge for the service is necessary due to the rising container costs, fuel and other expenses.) We will bill residents individually on a per annum basis.

We ask interested residents fill out and return the attached survey to establish service. Please call us at 843-397-5586 if you have any enroll in the program.

Thanks,

James Allen Evans
Sales Representative
